W. C. T. U. Notes.

[BY MRS. FANNIE WHITNEY.]
The Spring Creek union W. C. T. U. met with Mrs. Hopson on Thursday of last week. Much interest was manifested in the discussion of the question, "No alcohol in medicine." Several visitors were present who were parents, evidencing that they with all lovers of the home are interested in this very important phase of the practice of medicine, and wished for more information along this line in order that we might be enabled to convince our friends, the physicians, that alcohol in medicine is not only unnecessary but harmful. Our hostess served refreshments and a most delightful social hour was enjoyed and an offering of \$1.49 received for the advancement of this work.

A WHITE LIFE FOR TWO.
The true worth of a nation is in its virtuous, sober citizenship; no decadence causes such evil results as does the decadence of virtue, and for the perpetuity of family and national life it is necessary that men and women shall be equally pure and virtuous. Comrades, let us work for the education of our people until there shall be a revolution in social conditions for which in a great measure woman is responsible. Let us away with the double standard of morality. Let us teach the boys and all the world that vice is vice as black and abhorrent in men as in women. Let us teach that a fallen woman is no more fallen than a fallen man. There is no sex in diabolism. Sin leaves the same foul stain on masculine or feminine soul. Let us abolish forever the double standard and teach men and women alike to demand and give honor for honor, purity for purity, truth for truth.—Union Signal.

Accidentally Shot Himself.

Sidney Sedman, a young man of about twenty-five years of age, accidentally shot himself with a rifle Monday morning about 6:30 at his home in Long Island. The report was first circulated that Mr. Sedman had committed suicide but Coroner Nelson who was called held an inquest finding as above stated. It appears that he had been in the habit of taking his rifle to the barn for the purpose of shooting rats when he went out to do his chores. In some unexplainable manner, the gun was discharged sending a bullet into the middle of his forehead, death quickly resulting.

Mr. Sedman came to this country from England about two years ago.

Conference Appointments.

The Northwest Kansas Conference which met at Smith Center last week has named the following appointments for the Methodists of this county: Agra, W. C. Henslee; Bow Creek, L. E. Cook; Kirwin, H. H. Bowen; Logan, C. M. Snyder; Marvin, J. F. Clark; Long Island, A. J. Morton; Phillipsburg, L. W. Kemp; Phillipsburg circuit, to be supplied; Woodruff, supplied by J. H. Sumner.

Arthur Wheaton is here from Woodward, Oklahoma for a short visit at the home of his brother near Kirwin. Mr. Wheaton owns a farm in the territory. He made the trip over-land and reports the condition of wheat both there and here as being much better than in central Kansas. He is well pleased with Oklahoma where he has resided for four years.

Quarantine is Lifted.

The big yellow tag on the door of the Commercial House which informed the public that there was small-pox within has been taken down and liberty granted the inmates. All cases of the disease were mild and none of the afflicted parties were seriously ill and are now cured. However, we are pleased to state that all danger of a spread of the contagion is now past and the Buckleys are again ready for business.

Next Years Lecture Course.

Each succeeding number follows about the middle of the next month. In November we have the noted lecturer, Harvey Smith McCowan, in December, Reno B. Welbourn, the wizard of electricity, in February, Chaplain Varney, who will be of special interest to those who have worn the blue in the service of their country and last the Slayton Jubilee Singers which is one of the most popular number on the American platform. Season tickets may be secured for two dollars. The course will be given in the new opera house where ample seating capacity may be obtained.

Our Stockmen in Kansas City.

W. S. & H. Gray, Kirwin, Kansas, had a car of cattle and hogs here Wednesday.

Allie Martin, Kirwin, Kan, had three cars of cattle and a car of hogs here Wednesday.

Martin Kistner of Phillips county, Kansas contributed a load of hogs to Thursday receipts.

The Agra Shipping association, of Phillips county, Kansas, was on the good side of the market today with three loads of stock.

J. E. Brown of Long Island, Kas., topped the yearling steer and heifer market Thursday with a carload of his own feeding that averaged 1,067 lbs and sold at \$6.10. Mr Brown also sold four carloads of 1,320 lb Colorado steers that brought \$5.10.

George Tannahill, of Long Island, Kas., a member of the legislature from Phillips county spent Tuesday at the yards looking the cattle market over, and bought a carload of linseed meal which he shipped to his big feeding farm where he has a string of 125 head of cattle in the feedlots. "Corn is still selling at 31c a bushel all over that country," said Mr Tannahill "and there are quite a few bunches of cattle on feed. But while on my way down here I discovered that there are fewer cattle to be seen as I come this way. After leaving Northern Kansas there are very few cattle to be seen in the feedlots. It looks as if the bulk of the fed steers had been marketed, and there is a good chance for well finished cattle to go higher.

Al Martin of Kirwin, Kan., one of the oldtimers in Phillips county, was at the yards Wednesday with three carloads of fed steers and a carload of hogs. One of the carloads of steers sold at \$6.20 and the rest brought \$5.05 and in the shipment were a few cows that sold at \$4.50. Mr. Martin located in Phillips county in 1872, where he has ever since resided. "When I went there," he said, when talking about early day scenes, "it was not uncommon to see a herd of 500 head of buffalo. From my place to the nearest mill it was one-hundred miles, and to make that trip with grain for flour with an ox team it took eight days. And when it came to money, why we never saw any in those days. We simply traded around and all we expected was just enough to eat.—Reported by J. A. Rickart live stock correspondent, Kansas City, Mo.

Letters should not be less than 300 nor more than 1,500 words in length, and will be used for the purpose of advertising the Southwest. Letters are desired not only from farmers and farmers' wives, but also from merchants, school teachers, clergymen; from everyone who has a story to tell and who knows how to tell it.
